light, medium & heavy duty

DPFs & DOCS

We offer light, medium & heavy duty OEM DPF & DOC replacements for most brands. All are exact fit and include the gaskets and hardware needed for quick installs. LD comes with a 2-Year, 50K Mile Warranty and MD/HD comes with 2-Year, Unlimited Mile Warranty.

Our DPFs & DOCs perform as well as OEM, and in some cases even better. This is because of the optimized precious group metal coating. The improved coating provides cleaner exhaust, better performance, and reduced regeneration events.

GASKETS

for diesel particulate filters

Our DPF Gaskets provide superior quality at great prices, and are designed to fit the dimensions of the OEM gasket every time. We use the same material as OEM suppliers including stamped steel, wire mesh and metal reinforced graphite. We also have spiral wound and conical gaskets.

Redline Emissions Products currently offer replacement gaskets for Caterpillar, Cummins, Detroit, Mack, Volvo, Navistar, Ford, Chevrolet, Mercedes and more.

V-CLAMPS

for diesel particulate filters

Our DPF V-Clamps are exact fit OEM replacements for a hassle free installation. All clamps are made with corrosion resistant 300 series stainless steel. Like all other Redline Emissions Products, we go the extra mile to make sure our clamps are as good or better than the OEM ones.

Redline Emissions Products offers OEM and retrofit DPF replacement clamps for Cummins, Detroit, Mack, Navistar, Paccar, Peterbilt, Volvo and more.

SENSORS & WELD BUNGS

Our **DPF Sensors and Weld Bungs** (or sensor ports) are perfect replacements for your exhaust system. We carry temperature sensors, back pressure sensors and oxygen sensors (O²). Our weld bungs offer OEM quality threads you can count on.

Broken weld bung or sensor? Use our cost-effective replacements to get your DPF back up and running again.

CACS

for diesel applications

Our Charge Air Coolers (CACs) are exact fit OEM replacements covering many makes and models, for a fast and hassle-free installation. Your charge air cooler is critical to engine performance and fuel economy. Our CACs follow a strict quality control process and are 100% leak tested for maximum performance, and are backed by a 2-Year, Unlimited Mile Warranty. Most CACs are in stock at all our regional warehouses. **Our CACs are NEW with NO core charges.**

DRIVE CLEANER. DRIVE LONGER.

WHY **REDLINE** EMISSIONS PRODUCTS?

DURABILITY

Our products are built to last and have the longest industry warranties. These products go through strict testing to meet or exceed OEM standards, and provide exceptional performance and longevity in your diesel equipment. This commitment to quality goes into every product we supply.

INSTALLATION

Redline Emissions Products come ready to install and include the needed replacement accessories (where applicable) to ensure an OEM quality fit, every time.

PACKAGING

All Redline Emissions Products come packaged individually, and our DPFs, DOCs, CACs, clamps & gaskets come in sturdy boxes. All products are labeled with REP part numbers and OEM crosses for easy reference.

CUSTOMER SERVICE

REP strives for best in class service and product satisfaction. Feel free to contact us anytime you have technical, sales or installation questions.
